

MINI-Q™

Quarantine by Design

The MINI-Q™ is designed to house small groups of mice in a strict quarantine environment. Glovebox construction is of high impact resistant polymers which are welded to provide an air tight seal. Acrylic doors feature silicone gaskets and single pull latches. Each glovebox includes HEPA filtered (99.97% at .3 Microns), intake and exhaust with airflow and magnehelic gauge. As shown, stackable units are available with cart for portability.

Glovebox dimension:

42" L x 24" D x 24" H

Capacity: 4-6 Mouse Cages

Double stack unit dimension:

42" L x 24" D x 65" H
